

CSI - COMPUTER SOCIETY OF INDIA CLUB

Computer Society of India™

Since 1965

Computer Society of India is the first and largest body of computer professionals in India. It was started on 6 March 1965 by a few computer professionals and has now grown to be the national body representing computer professionals. It has 72 chapters across India, 511 student branches, and 100,000 members

CSI is a student council of Department of Computer Science Engineering at KLE Dr. MSSCET. Formed in the year 2012, the club has always been "For the students and By the students". The Chapter has successfully organised activities like programming competitions, quiz competitions, seminars on upcoming technologies, programming language learning sessions and many more. It regularly organises workshops, seminars, conventions and technical talks for the benefit of professionals and users of IT in addition to conducting continuing educational and professional development programs for a focused audience of budding professionals, researchers and students.
